

Annexe 342 – English

Carlos: I remind you that in June of this year I came here and I was not able to hug you mom, You were very afraid of my sister; she was next to you, she was insulting me, and you didn't open the gate.

Mom: I vaguely remember something happening.

Carlos: And then the Guardia Civil came, they went in here, and then they left and said you didn't want to see me.

Mom: Good God!

Carlos: How is that possible?

Mom: I don't know.
