Subject: Missing mum and [REDACTED]

Dear [REDACTED]

It is 2h30 in the morning and I cannot sleep. I am extremely worried about mum and [REDACTED]. I saw them for a couple of hours last Sunday in Alicante and since then they have disappeared. As you know mum is at the ripe old age of 88 and never leaves the house. Each time I have gone by the house no one was there. I phoned them on numerous occasions and no one answers. I cannot stay in Alicante indefinitely. If you have any information on their whereabouts then please let me know immediately. I will phone you Saturday morning at a reasonable time to see if you have had any information. If you can give me no information I will contact Interpol and seek their help for missing persons.
